D.O. Letter No:43/31 dated 25th March 1922, from the Deputy Director of Commerce, Bangalore, to the Director of Industries and Commerce in Mysore, Bangalore.

==========

I write to state that the Review of the Rail Borne Trade for 1920-21 is ready for publication. The Superintendent, Government Printing, when he was consulted, whether the printing work of this office can be done at a private press on the authoritytof Government Order No:M.3457-61/P.S.52-21-1 dated the 10th February 1922, has stated in his letter No:3420 dated the 3rd instant that the discretion rests with you and requested me to obtain your orders in the matte..

In this connection, I beg to state that the Review was generally being published by the Dasarah Session of the Representative Assembly and this time it has been delayed, as the statements were received late from the Auditor's office.

If the work is entrusted to the Government Press, I think it will not be possible to publish it before July next. The Ookad Statistics were sent to the Government Press on the 5th January 1922 and the proofs were received for the first time on the 8th instant.

As I wish to publish it by the end of April, I request you to kindly permit me to get it printed at a private press this time. The bill, will as usual, be submitted to the Superintendent, Government Printing for scrutiny.

======

With reference to your No:7228 of the 27th instant, asking me to intimate to you the probable cost of printing the Rail Borne Review for this year, I write to state that 400 copies were got printed for Rs 2,000/=last year. As Government have sanctioned the printing of only 150 copies of the Review this year, I think it may cost about Rs 800/=.

I shall be much obliged if you will kindly intimate your approval at an early date, as it will enable me to send the state-ments to the Press without delay.

Your memo under reference is herewith returned.

WAR NOTICE.—Owing to the disturbed conditions, the uncertainty of the position makes it indispensable to state that quotations and prices are subject to alteration without notice, and that orders are accepted without obligation.

It must be understood that this estimate should be accepted on the following conditions :—

1. The manuscript must be clearly and legibly written and handed over once for all.
2. Of book work one galley proof and two forme proofs ; of commercial formes, etc., one proof only will be sent. Any proofs required in excess of these will be charged as an extra, including the postage thereon.
3. No extra charge will be made for the corrections of printer's errors ; but all changes from the original copy, or from subsequent proofs and all additions will be charged for on the basis of the time involved in making the corrections thus required.
4. Proofs should be returned promptly ; and the press reserves the right to make an extra charge for delay of proofs as such delay involves keeping type standing which may be required for other work. No responsibility will be accepted for errors in proof passed by customer.
5. Customer's property, when supplied, will be entirely at customer's risk, as regards fire or other unforeseen damage. Every care will be taken to get the best results where materials are supplied by customers, but responsibility will not be accepted for imperfect work caused by defects in or unsuitability of materials so supplied.
6. Unless this estimate is accepted within one week of the date on which it is given, it does not necessarily hold good.
7. Estimates for publications are given upon the condition that not less than three months' notice is given to terminate the contract for the printing of monthly publications, and in the case of weekly publications, not less than one month's notice.
8. Every effort will be made to carry out any contract based on this quotation, but the due performance of it is subject to variation or cancellation owing to an Act of God, War, Strikes, Lock-outs, Fire, Losses and Delays in shipping or any other cause beyond our control ; or owing to inability to procure materials or articles except at enhanced prices due to any of the foregoing causes.
9. 50% of the estimated cost of Printing, Binding and printing materials to accompany the order as advance. The balance to be paid on delivery of the copies or by V.P.P.
